# ANDY SKILLEN

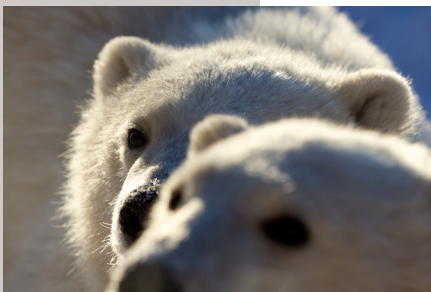

Andy has been photographing the natural world since he first got his hands on a camera at the tender age of seven. His travels have taken him to some of the world's most spectacular wildlife regions and allowed him to witness sights and behaviour most of us could only ever dream of.

Also a devoted philanthropist, Andy uses his gift to ensure future generations have a chance to experience our planet in the same way he has by supporting global conservation projects through the David Shepherd Wildlife Foundation.

Andy has visited Churchill Wild's Lodges multiple times and has experience photographing in different seasons in a variety of conditions making him ideally suited to lead a safari.

A natural teacher and charismatic leader, Andy strikes the perfect balance of technique and artfulness and is sure to help you capture your Churchill Wild experience.
